Safety Data Sheets (SDS)

The Work Health and Safety Regulations of 2011 govern the need for Safety Data Sheets to be prepared for hazardous chemicals and products containing hazardous chemicals introduced into Australia. Section 330 (1) requires that a manufacturer or importer of a hazardous chemical must prepare an SDS; section 330 (4) requires that they provide it to anyone that asks for it. The classification of chemicals is also specified in the regulation.

Safety Data Sheets are **NOT** legally required to be prepared for chemicals that are **NOT** hazardous.

CleverPatch assesses every chemical that it supplies to determine its classification in accordance with the GHS as required by the Regulations for hazardous chemicals. We ensure that Safety Data Sheets are prepared in accordance with the Regulations if so required. Thorough safety checks and due diligence is done on all CleverPatch products. CleverPatch is not required to keep Safety Data Sheets for chemicals or products that are not hazardous.

This product has been deemed to be **NON-HAZARDOUS** and therefore an SDS is not required.

Reasonable care has been taken in the preparation of this document and we provide the information to the best of our knowledge. At the date of creation, this document represents the information provided to CleverPatch Pty Ltd. CleverPatch Pty Ltd, its employees, contractors and agents neither warrant nor represent that the material published herein is accurate from errors or omissions. To the extent permissible by law, CleverPatch Pty Ltd, its employees, contractors and agents shall not be liable or responsible for any errors, omissions or misrepresentations made herein.

Safety Data Sheet

Safety Data Sheet Liquitemp

Revision Number 11
Issue Date 13 May 2025
Supersedes 11 May 2020

SECTION 1 Product & Supplier Identification

Product Name Liquitemp
Other Names Classroom Poster Paint
Product Code LT... & FLT...
Barcode Number
Recommended Use Children's paint for use with arts and crafts.
Restrictions on Use None known
Company Educational Colours Pty Ltd
ABN 61 005 708 967
Address 2/43 Burgess Road, Bayswater, VIC, Australia 3153
Telephone +61 3 9729 0788
Supplier Code
Emergency Phone Number Australia – 13 11 26 (Poisons Information Centre)

SECTION 2 Hazards Identification

Classification of the hazardous chemical Physical

hazards Not classified
Health hazards Not classified
Environmental hazards Not classified

Label elements, including precautionary statements

Hazard symbols None
Signal word None
Hazard Statements The mixture does not meet the criteria for classification.

Precautionary statements

Prevention Observe good industrial hygiene practices.
Response Wash hands after use.
Storage Store in well ventilated place. Keep container tightly closed.
Disposal Dispose of contents and container in accordance with local regulations.

SECTION 3 Ingredient Composition / Information

Chemical Entity

	<u>CAS No.</u>	<u>Proportion (to 100%)</u>
2-Phenoxyethanol	122-99-6	<0.0015%
Propylene glycol	57-55-6	<0.03 %
Pyridine-2-thiol 1-oxide, sodium salt	3811-73-2	<0.018%
Non-hazardous components		to 100 %

SECTION 4 First Aid Measures

Description of necessary first aid measures

Liquitemp

Safety Data Sheet

Eye	Irrigate with copious quantities of water for at least 15 minutes, lifting eyelids occasionally. Seek medical attention.
Skin	Wash off with soap and water. If any symptoms arise seek medical attention.
Inhalation	Move to a well ventilated area. Seek medical attention if symptoms persist.
Swallowed	Rinse mouth with water. Give water to drink. Seek medical attention if symptoms persist.

Personal protection for first aid responders

Ensure that medical personnel are aware of the material(s) involved and take precautions to protect themselves.

Symptoms caused by exposure

Direct contact with eyes may cause minor irritation.
Direct contact with skin may cause minor irritation.

Medical attention and special treatment

Provide general supportive measures and treat symptomatically. Keep under observation as symptoms may be delayed. Seek medical attention if symptoms persist.

SECTION 5

Fire Fighting Measures

Extinguishing equipment

Suitable	Water, fog, foam, dry chemical powder, carbon dioxide. When choosing extinguishing equipment be aware of any potential hazard(s), example electrical.
Unsuitable	Anything that could spread the fire and or risk the safety of surrounding personnel.

Specific hazards arising from the chemical

This product is water based and does not burn. It may however support combustion when the water has been removed and gases hazardous to health maybe formed.

Specific protective equipment and precautions for fire fighters

Self-contained breathing apparatus (SCBA) and full protective clothing (PPE) must be worn in case of fire.

Hazchem Code Not available.

General fire hazards No unusual fire or explosion hazards known.

SECTION 6

Accidental Release Measures

Personal precautions, protective equipment and emergency procedures

For non-emergency personnel

Keep unnecessary personnel away and upwind of spill. Wear appropriate protective equipment during clean up. Contain spill to prevent contamination to drains / water ways. Local authorities should be contacted if spill cannot be contained. Collect and seal in properly labelled containers for disposal in accordance with local regulations. Heed advice under Section 8 "Personal Protection".

For emergency responders

Keep unnecessary people away. Heed advice under Section 8 "Personal Protection".

Environmental precautions

Liquitemp

Safety Data Sheet

Avoid discharge to drains, water ways or onto the ground.

Methods and materials for containment and clean up

Large spills – Stop flow of material, if safe to do so. Contain spill where possible. Absorb spill in sand, vermiculite, dry earth or other inert absorbent material. Collect and seal in clearly and properly labelled containers for disposal in accordance with local regulations. Small spills – Wipe / clean up with absorbent material, e.g. cloth. Never return spills to original container for re-use.

SECTION 7

Handling & Storage

Precautions for safe handling

Wear appropriate personal protective equipment. Observe good industrial hygiene practices.

Conditions for safe storage, including any incompatibilities

Store in a cool, sheltered location away from direct sunlight and sources of heat. Keep containers tightly closed at all times when not in use. Store in clearly labelled containers.

SECTION 8

Exposure Controls / Personal Protection

Occupational exposure limits (OEL's)

No OEL's noted for this product.

Biological limit values

No biological exposure values noted for this product.

Appropriate engineering controls

Use in a well ventilated area. If required use local exhaust ventilation. Provide an eyewash station.

Individual protection measures, for example personal protective equipment (PPE) Skin protection

Wear impervious gloves.

Hygiene measures Use and maintain good industrial hygiene. Always wash hands after use. Routinely maintain safety equipment. Do not eat, smoke or drink when handling this product.

SECTION 9

Physical & Chemical Properties

Appearance	Coloured, thixotropic liquid.
Odour	Slight acrylic odour
Odour threshold	Not available
pH	between 8.6 – 9.5
Melt point / freeze point	Not available
Boiling point	Not available
Flash point	Not available
Flammability	Not flammable (In liquid form)
Vapour Density	Not available
Relative density	Not available

Liquitemp

Safety Data Sheet

Solubility in water Dispersible
Specific Gravity between 1.08 – 1.35

SECTION 10 Stability & Reactivity

Reactivity Product is considered non-reactive under normal conditions of use, storage and transport.

Chemical stability This product is considered stable under normal conditions of use, storage and transport.

Possibility of hazardous reactions
No hazardous reaction known under normal use.

Conditions to avoid No specific data available for this product.

Incompatible materials
Strong oxidising agents and acids.

Hazardous decomposition
If in fire product may give rise to the release of obnoxious fumes including oxides of carbon.

SECTION 11 Toxicological Information

Information on possible routes of exposure

Inhalation No adverse effects expected due to inhalation.

Skin contact Minor irritation may be expected in some individuals.

Eye contact Minor irritation may be expected in some individuals.

Ingestion Expected to be low ingestion hazard.

Symptoms related to exposure
Skin contact - symptoms may include redness, heat and itching.

Acute No specific data available.

Skin corrosion / irritation
Based on classification principles, the classification criteria are not met.

Serious eye damage / irritation
Based on classification principles, the classification criteria are not met.

Respiratory or skin sensitisation
Based on classification principles, the classification criteria are not met.

Carcinogenicity No data available.

Reproductive toxicity Based on classification principles, the classification criteria are not met.

Additional Information This product does NOT contain,
Egg, dairy, soy, seafood, shellfish, wheat or peanut products, by-products or derivatives.

SECTION 12 Ecological Information

Liquitemp Safety Data Sheet

Ecotoxicity No specific data is available for this product. However, do not release this product or any water contaminated with this product into drains, soils or waterways. Sufficient measures should be taken to retain the water used in extinguishing any fires involving this product. Dispose of contaminant in accordance with local landfill or incineration regulations.

Persistence and degradability
No specific data available.

Bio accumulative potential
No specific data available.

Mobility in soil No specific data available.

SECTION 13 Disposal Considerations

Disposal methods Dispose of this product and any water contaminated with this product in accordance with local regulations.

Contaminated packaging
The container in which the product is/was contained should also be disposed of in accordance with local regulations.

SECTION 14 Transport Information

ADG Not regulated as dangerous goods. **IATA**
Not regulated as dangerous goods for IATA **IMDG** Not
regulated as dangerous goods.

Special Precautions No special precautions or requirements for transport

SECTION 15 Regulatory Information

Safety, health and environmental regulations This Safety Data Sheet was prepared in accordance with Safe Work Australia's Code of Practice for the Preparation of Safety Data Sheets for Hazardous Chemicals.

Standard for the Uniform Scheduling of Medicines and Poisons (SUSMP)
Not allocated

AICS All components are listed in the Australian Inventory of Chemical Substances.

SECTION 16 Other Information

Reason for Revision 5 year review and update information in accordance with GHS requirements.

Liquitemp

Safety Data Sheet

Update

Sections 3, 8, 9 and Section 11 information changes.

ADG	Australian Dangerous Goods Code
AICS	Australia Inventory of Chemical Substances
IATA	International Air Transport Association
IMDG	International Maritime Dangerous Goods Code
